

Nourishing Lives.

One healthy ingredient at a time.

Bringing Our Best to You

Healthy Food Ingredients is an on-trend specialty ingredient supplier, meeting demand for sustainable, clean-label solutions from transparency to innovation.

We start with a sustainable supply chain, backed by IntegriPure[®], our innovative micro reduction process, to offer a full portfolio of ingredients including non-GMO, organic and gluten-free ancient grains and seeds, cereal grains, pulses and expeller oils, with unique processing capabilities for blending, cracking, milling and consumer-ready products.

We are dedicated to delivering safe, healthy, premium-quality ingredients in partnership with our diverse grower network.

Certification Leaders

Certification standards are our starting point, not the end goal. Our safety and quality assurance processes and systems meet the highest standards in the industry and we are continuously focused on advancing.

Our Promise to You

CUSTOMER SUPPORT

Our customers benefit from the combined resources, facilities and expertise of the HFI family, all focused on bringing innovative solutions to the table.

This, with responsiveness and dedicated account management, meets your needs and deadlines.

ADVANCED FACILITIES

HFI's full-scale, modern processing facilities with complementary capabilities for growing demand. Each plant carries third-party industry certifications and is strategically equipped to maximize production efficiencies with food safety.

INNOVATIVE SOLUTIONS

Whether you need ingredients for a specific product trend, functionality, allergen or clean label, creating ingredient solutions is what we do.

SUPPLY ASSURANCE

By focusing on domestically-grown production with our long-term farmers, our crop production and logistics specialists get you what you need, when and where you need it.

In addition, our global partnerships mitigate risk and provide supply assurance to ensure a consistent stream of safe ingredients.

EXPERTISE SECOND TO NONE

Backed by decades of experience, HFI is a recognized leader in the research, development and processing of healthy specialty ingredients. Put simply, we can provide more solutions to achieve your desired finished product.

Our Portfolio of Ingredients

We are pleased to offer our extensive portfolio of ingredients serving industries including baking, cereal, snack, nutraceutical and pet food.

HEALTHY INGREDIENTS

Ancient Grains & Seeds

Cereal Grains

Oils

Pulses & Soybeans

Our Story: Working Together for Good

Rooted in rich agricultural experience, we are inspired by a time when neighboring farmers would gather to help each other bring in the harvest. They understood that sharing hard work, multi-generational know-how and respect for the land would benefit the entire community.

Today, we draw on that same spirit and belief in stewardship to accomplish our vision of nourishing lives with healthy ingredients. We share our innovative processes and deep expertise to ensure consistent premium safe, quality ingredients, from seed to the food that nurtures our lives.

Together, we hold a genuine passion to live up to our name, Healthy Food Ingredients, in everything we do. So when we survey the horizon, what we see is good. Good for business, good for people, and good for the land.

Cultivating goodness.[®]
